

Get the Facts!

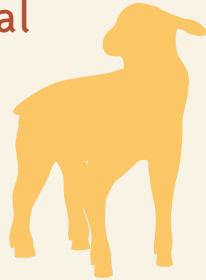

What is it?

- Rapid disease response network
- Protecting your investment and your future
- Helping retain access to domestic and international markets
- Maintaining consumer confidence in American agriculture

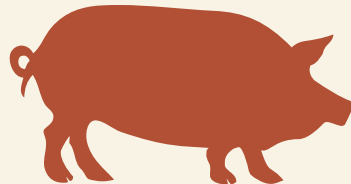

USDA and FFA – Focusing on agricultural education

The USDA and FFA cooperative agreement provided an opportunity for the development of educational materials specifically designed to increase awareness of the National Animal Identification System premises registration effort to students, alumni, parents and communities.

The Outreach Kit is loaded with useful tools and resources including:

- NAIS Information
- Information on SAE's & CDE's
- Creating a community outreach program
- How to earn a trip to Washington D.C.

*Be sure to request a kit in June –
only 2500 kits will be available!*
