

# About Collegiate FFA

Collegiate FFA is a form of membership of the National FFA Organization. Collegiate FFA has been around since 1931 and has continued to be an influential part of agriculture education on the postsecondary and secondary level of education. Since college is considered higher education, our hope is that Collegiate FFA provides a higher level of opportunity for our collegiate membership. The Collegiate FFA has a very exciting future and a vision to take us there.

## Collegiate FFA Vision Statement

Collegiate FFA empowers values driven pre-professionals to lead and serve in education, industry, and communities.

The mission statement for Collegiate FFA is the same as the overall national FFA mission statement since Collegiate FFA is a form of membership for National FFA. The Collegiate FFA purpose statement shows the enhancement that is provided to its members as they grow.

## Collegiate FFA Mission Statement

FFA makes a positive difference in the lives of students by developing their potential for **premier leadership, personal growth and career success** through agriculture education.

## Collegiate Purpose Statement

Collegiate FFA enhances the collegiate experience through service and engagement to **create premier leaders, enable personal growth, and ensure career success.**

The development of these three key statements shows where this organization is going and what it plans to accomplish. Collegiate FFA looks to revolutionize the way collegiate organizations look at leadership and service. By staying connected through the new website and national events, Collegiate FFA will provide a more comprehensive program for its members.

Collegiate FFA members are making an impact on their campuses and communities through their leadership and service. With this type of impact, Collegiate FFA will continue to develop to be the country's premier organization in leadership, professional growth, and service.
