**Future Career Goal:** To serve as an advocate in the agribusiness industry, work on policy setting and become a motivational speaker.

For member Paul Moya, FFA is more than just one facet of agricultural education. It is a place where students can be supported and belong, regardless of their backgrounds. Because of this belief, he is driven to help his peers fit in, understand agriculture and succeed in pursuing their goals. For the next year, the Los Lunas High School FFA Chapter member from Los Lunas, N.M., will motivate and inspire more than 500,000 fellow FFA members as 2008-2009 National FFA President. FFA runs in Paul Moya's family. The first FFA convention he ever attended was when he was 8-months-old and his father was an agricultural education teacher. During his year of service, he hopes to make an impact on the future of agriculture, help further agricultural education and inspire students.

*FFA is a national youth organization of 507,763 student members preparing for leadership and careers in the science, business and technology of agriculture with 7,439 local chapters in all 50 states, Puerto Rico and the Virgin Islands. FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education.
