

# National FFA Alumni Association

## Associate Membership

*Effective 2012/2013 Membership Year*

1. Associate Membership is a no cost national membership that is provided to potential members within five years of their graduation from high school.
2. Associate Membership entitles the member to receive electronic information from the National FFA Alumni Association.
3. Associate Members will NOT be included in any rebate or awards programs. Associate members have no voting rights and will not be included in official membership counts used to determine the number of national voting delegates for a state.
4. There is a five-year limit on associate membership.

**Note:** *Associate membership is intended to be recognized at all levels. Given the autonomy of state and local FFA Alumni affiliates it is the responsibility of these affiliates to collect any dues that they may access to associate members. MyFFA will recognize them as associate members at all levels and will NOT access any local or state dues that may apply.*

**Current FFA Seniors:** will be able to log into their MyFFA profile and opt-in to become an Associate member or work with their advisor to have them advanced to alumni as an Associate member. Dues paying FFA members will be able to hold both rolls of student member and alumni member so that they may continue to participate in FFA events/awards/scholarships while allowing the Alumni to stay connected with those active FFA members as they move into their next phase of the FFA cycle and remain "Forever Blue".

**Recently graduated FFA Members** (individuals who have graduated within the past five years): are eligible to receive a gifted membership to the National FFA Alumni Association. The length of their membership is dependent upon the number of years they've been out of high school. Eligible individuals will be able to log into their MyFFA profile and opt-in to become an Associate member or work with their FFA advisor to have them advanced to alumni as an Associate member.

This membership will allow the FFA Alumni an opportunity to stay connected with those former FFA members and others who have moved on to professional or collegiate experience.

After their Associate membership term to remain engaged those members must purchase a level of membership. The membership grants members electronic communication, free access to MyFFA and My Journey, and access to all National FFA Alumni conferences and conventions.

For more information or assistance obtaining this membership please contact National FFA Alumni at:
