FFA MISSION

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education.

THE AGRICULTURAL EDUCATION MISSION

Agricultural education prepares students for successful careers and a lifetime of informed choices in the global agriculture, food, fiber and natural resources systems.

The National FFA Organization is a resource and support organization that does not select, control, or supervise state association, local chapter or individual member activities. Educational materials are developed by FFA in cooperation with the U.S. Department of Education as a service to state and local agricultural education agencies.

The National FFA Organization affirms its belief in the value of all human beings and seeks diversity in its membership, leadership and staff as an equal opportunity employer.

PHILOSOPHY

The National FFA Organization is dedicated to organizing experiences that will meet the future needs of students while accomplishing the current purposes of agricultural education.

The primary goal of career and leadership development events is to develop individual college and career readiness skills through personal growth and premier leadership.

Individuals will be challenged to develop critical thinking skills, effective decision making skills, foster teamwork and promote communication while recognizing the value of ethical competition and individual achievement.

The activities in each event:

- Include problem solving, critical thinking and teamwork skills, where appropriate.
- Encourage appreciation for diversity by reducing barriers to participation among members.
- Develop general leadership and recognize individual and team achievement.
- Promote concentrated focus on future needs of members and society.

The National FFA Organization assumes the leadership role in developing and continuously improving relevant FFA career and leadership development events.

National events should reflect instruction that currently takes place in the entire agricultural education program, including classroom instruction, laboratory instruction, instruction in leadership and supervised agricultural experience. Events are intended to be an outgrowth of instruction. Also, it is appropriate for the national organization to develop events and awards that stimulate instruction in emerging areas that reflect both current and future community, national and global workforce needs. Those events should be developed with significant input from FFA members, teachers, partners, respective industry sponsors and others involved in agricultural education. The National FFA Organization continues to encourage accessibility and provide opportunities for achievement and recognition for students with diverse backgrounds.

Events that include team activities should be based on cooperation and teamwork while recognizing the value of competition and individual achievement. Where appropriate, team activities will be included that require two or more members from one chapter working cooperatively.

Agriculture, Food and Natural Resources (AFNR)

CAREER CLUSTER CONTENT STANDARDS

The agriculture, food and natural resources (AFNR) industry is a highly technical and ever-changing sector of the global economy upon which everyone is dependent. We will continue to meet national and global demand for a safe and abundant food, fiber and fuel supply if we invest in the growth and development of the human capital for the AFNR industry. Strong, relevant AFNR Career and Technical Education (CTE) programs that are informed by industry and education stakeholders are one way we can meet workforce needs now and in the future.

The National Council for Agricultural Education has provided permission to the National FFA Organization for the use of the National AFNR Career Cluster Content Standards in the development of their educational resource materials. The National Council for Agricultural Education are the owners and developers of the National AFNR Career Cluster Content Standards © 2016 and reserve all rights to the original material that is used here with permission. In addition, The National Association of State Directors of Career and Technical Education/National Career Technical Education Foundation (NASDCTE/NCTEF) have provided permission to use the Common Career and Technical Core (CCTC) Standards in support of this project. NASDCTE/NCTEF are the owners and developers of the Common Career and Technical Core (CCTC) Standards © 2012 and reserve all rights to the original material that is used here with permission.

The National AFNR Career Cluster Content Standards are a guide to develop well-planned curriculum in agriscience education to be delivered to students throughout the country. For a complete copy of the AFNR Career Cluster Content Standards please visit <https://www.FFA.org/thecouncil/afnr>

The National FFA Organization has adopted the AFNR Career Cluster Content Standards and integrated them into national award and recognition programs for the benefit of the members, school administration and agriculture as a whole. Details outlining the incorporation of the standards in careers and leadership development events can be found at the end of each event in the CDE/LDE handbook.

2017-2021 Official CDE/LDE

POLICIES AND PROCEDURES

Violations of any of the following rules may be grounds for the event superintendent to disqualify the participants.

National FFA staff and event superintendents will use the published policies and procedures to organize and implement the National FFA Career and Leadership Development Events. Event activities may not be conducted due to lack of necessary materials, expertise or extreme impact to event budgets. Teams that are certified to compete will receive the current event format in a team orientation packet prior to the convention.

Eligibility of Participants

Each participant must be a current dues paying FFA member in good standing with the local chapter, state FFA association and the National FFA Organization during the school year in which the participant qualified to participate at the national level.

In the event that a participant's name is not on the chapter's official roster for the year in which the dues were owed, a past due membership processing fee, in addition to the dues, must be paid prior to the national event. The National FFA Organization will set the processing fee amount annually.

The participant, at the national event, must:

- Be a secondary education (grades 7-12) FFA member during the school year in which the participant qualified to participate at the national level. A graduating senior is considered eligible to compete in state and national CDE/LDE up to and including his/her first national convention following graduation.
- Have qualified as a 7th, 8th or 9th grade member to participate in the Creed Speaking and Conduct of Chapter Meetings LDE.
- Be enrolled in at least one agricultural education course during the school year in which the participant qualified to participate at the national level and/or follow a planned course of study. Either course must include a supervised agricultural experience program, the objective of which is preparation for the agricultural career.
- Submit, prior to start of event, the proper National FFA Organization Waiver, Release of Liability and Consent to Medical Attention form.

If a student moves to a different chapter or different state once he/she has qualified as a state representative in a CDE/LDE that student may be allowed to compete in the national event with the school he/she qualified with during the qualifying year.

A student may not participate more than once in the same official CDE/LDE.

No student may participate in more than one National FFA CDE/LDE each year.

Selection and Certification of Participants

Each state will submit an electronic declaration form by June 1 prior to the National FFA Convention & Expo.

- An entry processing fee will be charged for participation in each declared event with the exception of the dairy cattle handlers' activity.
- Each team will be composed of the number of members determined by the specific event policies, procedures and format.
- All members of a state team must be from the same chapter.
- Members must qualify in the event in which they are to participate at the national level.
- Teams must be selected at a state or interstate CDE/LDE event held between the immediate previous national FFA convention and prior to the national FFA convention in which they are participating.
- States that qualify more than one year out must request and submit a written waiver for approval by the certification deadline.
- **Online add/delete deadline is Tuesday the week before convention, Noon (Eastern time).**
- If a state's representative withdraws after the online document submission date, a replacement will not be allowed. This includes prepared public speaking, ag issues forum, employment skills, marketing plan and ag communications.
- The state supervisor of agricultural education or the executive secretary must certify that participants are eligible. If an ineligible student participates in any career or leadership development event, the member will be disqualified and may result in the disqualification of the team as well.
- All students must be certified online by September 15. Once original certification has been completed, **no member may be added without first deleting a member.**
- With extenuating circumstances, a teacher/advisor may substitute another student from the chapter who may not have participated at a state qualifying event. **Exception:** Creed speaking, dairy handlers' activity, extemporaneous public speaking, employment skills and prepared public speaking must be submitted and approved by state staff prior to the national convention in which the member is to participate.

Onsite add/delete process

If a circumstance arises once the chapter has arrived at the convention location, the onsite add/delete process must be used to substitute the member on the team.

Onsite add/delete form(s) must be submitted no later than one hour prior to the team orientation meeting or the first official event activity as listed in the schedule of events. Advisors will need to report to the onsite CDE office to secure and submit the add/delete forms as well as the National FFA Organization Waiver, Release of Liability, Consent to Medical Attention, Authorizations and Certifications form for the member(s) to be added.

Members added to any team during the onsite add/delete process must meet all eligibility and membership requirements as prescribed in the handbook.

EMERGENCY CONDITIONS

Under emergency conditions a state team participating in a CDE/LDE may be made up of less than the required members.

States must still certify teams prior to the national FFA convention, but fewer than the required members could compete if an emergency condition such as illness, death in the family or an act of God would occur. Those individuals competing would still be eligible to qualify for individual awards, if applicable.

Disqualification

A member or team may be disqualified from an event if:

- There is any communication, verbal or non-verbal, between participants during the event. The only exception to this would be communications between team members during the team activity portion of a given event.
- Teams or participants arrive after the event.
- Any assistance is given to a team member from any source other than the event officials or assistants.
- Event superintendents stop any participants for manners they deem to be hazardous to themselves or others. Such action shall deem the individuals disqualified for that section of the event.
- Participants start the event and do not complete the event without notifying event officials at the time of departure. This can affect the overall team rank and position. In some events this will also disqualify the entire team.
- Participants utilize personal electronic communication devices, other than those approved by the event officials, during the entire course of the event. Participants who access personal electronic communication devices without prior approval of the event officials will be disqualified.
- Participant, team, advisor or coach gains access to real materials that will be utilized by the event committee during competition. Any team, participant, advisor or coach reported and proven to do so will be disqualified from the national event.

Appeal Process

Appeals can only be filed if there is a scoring error.

If a written appeal for scoring issues only is filed within the seven calendar days after results announcement, the national staff will review the appeal.

Upon receiving input from team leader and division director, the national staff will accept or deny the appeal. The national staff's recommendation will be shared with appeals committee, which consists of members from the Awards and Recognition Advisory Committee and FFA chief operating officer for further input, if necessary.

The written appeal must be filed with the National FFA Organization's CDE/LDE education specialist responsible for scoring the event within seven calendar days of the results announcement and accompanied by a \$50 filing fee. The fee will be returned if the appeal is justified.

Appeals should be mailed to:

CDE/LDE Education Specialist
6060 FFA Drive, P.O. Box 68960
Indianapolis, IN 46268-0960

The appeals committee will be chaired by the National FFA Awards and Recognition Advisory Committee chairperson who will in turn appoint a representative of each of the following organizations:

- National Association of Supervisors of Agricultural Education (NASAE)
- National Association of Agricultural Educators (NAAE)
- American Association for Agricultural Education (AAAE)
- National FFA Organization CDE/LDE Education Specialist

Any ruling on the appeal provided by the FFA chief operating officer will be considered final.

Waiver of FFA Rules

Any local chapter seeking a waiver of a national FFA policy or procedure must submit in writing to the chapter's state FFA association office.

If the waiver request is approved at the state level, it must be forwarded, under the signature of the state advisor or executive secretary, to the career and leadership development events education specialist.

After study by the appropriate FFA staff, a recommendation to grant or deny the appeal will be forward to the chief operating officer for his/her approval.

The request must be submitted to the national FFA staff at least 30 days prior to the scheduled event or due date for which the waiver is requested.

This policy does not supersede any current FFA policy for appeals already established for a particular FFA program.

Sanctioning Events

Sanctioning of non-national FFA competitive events (those competitive events conducted by organizations other than the National FFA Organization) as CDE/LDE should occur when:

- The highest quality event possible is conducted.
- The organization conducting event and National FFA Organization agree that event can and should be sanctioned.
- The event is recommended by the National FFA CDE/LDE education specialist with input and agreement from the award and recognition advisory committee and approved by the FFA chief operating officer.
- The National FFA Organization is represented by a staff member responsible for CDE/LDE on the planning and implementation committee for each event.

Winners of the national sanctioned event will be recognized in the same manner as national CDE/LDE winners are currently recognized.

Official Dress

Participants are expected to observe the National FFA Code of Ethics and the proper use of the FFA jacket during career and leadership development events. (Please reference the latest edition of the Official FFA Manual.)

Official FFA dress is highly recommended for all participants where appropriate and is recommended for the awards presentation and recognition.

Accessibility for All Students

All special needs requests and appropriate documentation as outlined in the special needs request policy must be submitted August 15.

Special needs policy is posted on the CDE/LDE program page at FFA.org/cde.

Written Document Penalties

A penalty of 10 percent of the total points allotted will be assessed for the written documents received after the online submission deadline.

If the document is still not received seven days after the postmarked deadline, the team/individual may be subject to disqualification.

- National FFA staff will mark late entries as such.
- Event officials will be notified of late entries at the time written documents are evaluated and scored.
- Event superintendent will ensure that penalty is applied.
